

## A Letter Urgently Requesting Your Immediate Financial Help to Save Israeli Lives in Israel & Around the World

Hello, my name is Doron Benbenisty and I'm the Founder and CEO of **CRI Counter Terrorism Training School (CRI)** located in Las Vegas, Nevada, USA. **CRI** has been in business since the year 2000. We have an outstanding global reputation for providing world-class, very practical, life-saving security training to many governments, US and allied military branches including NATO, US Special Forces, major corporations, other organizations including synagogues and churches, and civilians.

Today, I come to you with an urgent appeal to immediately financially support our new humanitarian campaign to rapidly distribute to Israelis worldwide a CRI-produced, 2-part, online video training program in the Hebrew language entitled: [Online Course for Terrorism Attacks Defense](#).

This essential life-saving course shows the average Israeli how to effectively defend themselves against terrorist attacks and other forms of violence – all absolutely essential things following Hamas' horrifically barbaric October 7, 2023, attack upon innocent Israeli men, women, kids and babies that involved totally morally outrageous crimes against humanity.

CRI's Hebrew language [Online Course for Terrorism Attacks Defense](#) modules include:

- ✓ **Defense Against Knife and Edged Weapon Attacks**
- ✓ **Defense Against Vehicle Attacks**
- ✓ **Surviving Execution Attempts**
- ✓ **Handgun and Assault Rifle Disarmament**
- ✓ **Improvised Weapon Defense**
- ✓ **Personal Protection for Police Officers, Security Guards, and Soldiers**
- ✓ **Counter Kidnapping and much, much more...**

Surrounded by murderous enemies on all sides in Israel and abroad, **NOW** is the time for Israelis of all ages to **IMMEDIATELY** deal with these super harsh and deadly realities by strengthening their individual abilities to defend themselves rather than only relying on the military and police to take care of them. Israelis everywhere can therefore best protect themselves by acquiring the knowledge and skills contained in CRI's Hebrew language [Online Course for Terrorism Attacks Defense](#). **It is an undeniable fact that the very practical and easy-to-learn techniques taught in the above program could have saved the lives of so many victims attacked by Hamas on October 7, 2023.** For example, although many victims were executed in cold blood using guns and knives, this video program that I created could have taught them how to survive such unthinkable, cruel events. As you can imagine, I feel totally horrified and deeply saddened that those poor victims didn't know my life-saving survival techniques and I want to change that with your help so that current and future generations of Israelis will be able to avoid being injured or killed during such violent attacks.

Recently, Israelis everywhere are fearing for their safety and such fear is indeed totally real and understandable. In addition to Hamas' completely vicious and unjustifiable attack on Israelis in early October 2023, the current situation in the West Bank is another huge concern, especially if thousands of rioters suddenly attack and massacre even more Israeli men, women, and children in the future. Hezbollah terrorists in Lebanon are also posing a grave danger to everyone in Israel by sending terrorist teams to attack Israeli border towns, take hostages and kill as many innocent people as they can. Syria recently attacked Israel as well, worsening this crisis further. Unfortunately, even if only 10% of what I just described above happens, Israel's security and police forces will **NOT** be able to protect every Israeli in Israel or abroad. So, it is absolutely imperative that Israelis now learn how to defend themselves!

Your generous financial support for this urgently needed humanitarian project in US dollar amounts ranging from \$1 to \$1M or more will enable us to quickly share our totally unique and extremely effective video security training program with millions of Israelis and Israeli security force members (living in Israel or abroad) at the emergency price of **\$20 each** (normally a \$100 value) **OR** at no cost to those persons who cannot afford it. By carrying out such a massive low cost or free distribution worldwide, countless Israelis can be spared from kidnapping, rape, torture, and murder – including beheadings and being burned alive – by terrorists or criminals.

**Please generously donate to this blessed and timely project [NOW!!!](#)**  
**Our goal is to raise [US \\$1,000,000](#) in the coming days.**
