

FAA Part 107 Test Prep Course

NV Commission on Postsecondary Education Approved

This course focuses entirely on the prep and pre testing for the FAA's Part 107 test. Currently, CRI has a 99% pass rate for its Part 107 students.

Each student will receive CRI's Aviation Division Comprehensive Study Guide with over 500 questions and answers, along with explanations.

Course Modules:

- Preparation to successfully pass the Part 107 Exam
- FAA Regulations & Standards
- Aviation Weather Effects
- National Airspace System
- Loading & Performance
- Aircraft Operations
- Crew & Resource Management
- Psychological Factors
- In class practice tests (daily pre-testing)

Course Fee:
\$995/Student
Duration: 5 Days

Testing at a Part 107 facility must be scheduled for one to two days after the course is completed. If not, pass rate will be effected.
