

# **SAFE HANDLING TACTICS WITH FIREARMS**

## **101: Situational Awareness**

This is the first class in a series of SHTF courses. As the world's security deteriorates, criminals are becoming even more brazen. Robberies, and even kidnappings are on rise since they are the easiest for criminals to accomplish. It is vital that you be able to protect yourself against these activities, as well as be able to educate those you love.

### Situational Awareness

4 hours

- Situational awareness and surveillance detection
- Detecting deceptive behavior
- Releasing from being bound (rope, zip ties, duct tape)
- Escaping (exits and directions)
- Advanced hand to hand combatives (grabs, holds, strikes)
- Counter kidnapping scenarios

Criminals are looking for victims. The way that you carry yourself has everything to do with if you'll be a victim, or not.

Victor or Victim? Its is completely up to you.
